

HALELE DE PESCĂRII DE LA GALAȚI

THE FISHERY HALLS FROM GALAȚI

Viorica-Steluța PISICĂ

The town of Galați, surrounded by the rivers Danube, Pruth, Siret and by Brateș lake, has benefited, starting with 1915, from a great fish treatment enterprise – the Fishery Halls, built upon the initiative of the Romanian State, according to the project of Engineer G. Vidrașcu.

The article presents the technical data of the equipment and the fish species processed here.
