

***GALAȚII ÎN TIMPUL RĂZBOIULUI DIN 1877***

***THE TOWN OF GALAȚI DURING THE WAR FROM 1877***

*Nicolae BACALBAȘA-DOBROVICI*

Taking its stand on some Russian documents and memoirs, apart from many Romanian sources, the study analyses the beginning of the Russian-Romanian-Turk war (1877-1878), more exactly, the crossing of the Danube by the Russian troops, near the town of Galați.

It also mentions the contribution and support granted by the Romanian authorities to their Eastern ally.
